GIRL WINNER OF $100 PRIZE

GENTRY COUNTY STUDENT PRESENTED NOTEBOOK AWARD.

OTHERS ARE HONORED

John F. Case Is Judge of Contest—Announcement Made at College Assembly This Morning.

Miss Carrie Angle, a 16-year-old girl in the eighth grade of the Universal rural school south of King City, was announced this morning at the State Teachers College as the winner of the $100 vitalized agriculture notebook contest recently held under the management of the vitalized agriculture department of the College.

Miss Angle was present in the College auditorium at asembly this morning and was presented with the prize of $100 by President Uel W. Lamkin. The money for the prize is given each year by a business man who does not wish his name to be mentioned.

"I thought my notebook better than last year," she said this morning very modestly, "But I didn't think it was this good."

Miss Angle is very enthusiastic about going to high school and plans to attend at Amity next fall. When asked what she planned to do with her prize money she replied that "I want to save it to go to College if I don't have to spend it in high school."

Miss Eva Gates, winner of second place, and Miss oRse McCray, winner of fifth place, were present also this morning and went to the platform with Miss Angle when she received the prize money.

Others Honored.

Those contestants to whom Mr. Case gave honrable mention were: Eva Gates, Red School, Jamesport; Vida Powell, Stony Point School, Trimble; Delpha Duff, Ward School, Chula; Rose McCray, Red School, Jamesport; and Anna French, Waldo School, King City.

Miss Angle placed fourth in the contest last year.

John F. Case Is Judge.

The final judge of the notebooks was John F. Case, president of the Missouri State Board of Agriculture and editor of the Missouri Ruralist. In reporting his decision Mr. Case said that "every girl is to be commended, as well as the teachers" and that "the Angle entry is exceptionally good." The winning notebook will be put on display at the College for a while.

The winner lives on a 120-acre farm with her father and brother and leads a very active and industrious life. Her teacher, Miss Frances Dyer, says that she raises chickens, bakes bread, and delicious angle food cakes. She has not missed a day of school in three years and will enter high school this fall.

Her picture and a short account of the contest will appear in a later issue of the Missouri Ruralist. The contest was open to any pupil of a rural school in Northwest Missouri.

The winning notebook is attractively bound in blue and black. It is hand-made throughout. Under the heading of agriculture there are pictures of the Universal school, township drawings, land descriptions, drawings of school districts, crop surveys, total acreages of various crops in the district, drawing of the home farm with field crops of the last four years.

In Various Sections.

Under the heading of health there is a discussion of epidemics in the district, and health hints for school and home.

The section devoted to arithmetic gives costs of growing an acre of various crops, and tables of average profits.

The home economics section gives the modern conveniences in several homes in the school district, a plan of a model kitchen, cost to rearrange a kitchen, kitchen decorations, and helpful household hints.

The section on English is composed of newspaper clippings of one current event of each month since last fall. The clippings are well chosen and show the good reading habits of the owner of the book. The events include accounts of the round-the-world flyers, presidential election, election of new Federation of Labor head, resignation of Secretary of State, taking of the diphtheria antitoxin to Nome, Alaska, and the election of Hindenburg to the presidency of Germany.

Wins $100 Prize

Miss Carrie Angle of the Universal School near King City, who was awarded the $100 prize for having the best vitalized agriculture notebook of any student in Northwest Missouri.

NO CONFLICT WITH SCIENCE

LAMKIN SAYS EVOLUTION TRIAL IS PUBLICITY STUNT.

TRUTH COMES FIRST

Legislature Should Not Interfere in Honest Thorough Study, College President Says At Assembly.

"The farce at Dayton, Tenn., is purely a publicity stunt, promoted by publicity agents."

This is the way that the Scopes anti-evolution trial was characterized in the College assembly this morning by President Uel W. Lamkin when he admonished the students, as future leaders in their respective communities, to keep their bearings when reading and studying this case.

"The time has not yet come when the American public is going to permit an attack on the Bible," declared Mr. Lamkin. "The time has not yet come for a conflict between church and the school. There should not be and is no conflict."

"The issues are not clear-cut, not well defined. The only question at Dayton, as I see it, is whether the legislature of the state has the right to say what shall be included in the curriculum. To the general question I would say yes, but no legislature has the right to interfere with the search for truth."

Mr. Lamkin believes that the question of the origin of man is not nearly so important as should be the question of the destiny of man.

He considers the trial a publicity stunt for Dayton. In this connection he said that the Associated Press reports of statements made by the committee on Resolutions of the recent meeting of the National Education Association and the chairman of that committee to the effect that the committee would present no resolution on evolution to the general meeting were wholly untrue. Mr. Lamkin said that the chairman (himself) has made no statement and that the committee made no statements.

The supposed statements appeared in the Chicago Tribune and were republished in the Democrat-Forum and Tribune.

In his closing remarks he asked the students not to be misled into believing that the trial is a result of any conflict between science and the Bible or evolution and religion.

School Patrons at Pickering to Meet

Board To Explain Needs for $8,000 Bond Issue To Be Voted On There Next Tuesday.

A meeting of the patrons of the Pickering school will be held at the Methodist Church there at 8 o'clock tomorrow evening. The school board will submit some of the problems it is facing and will explain the proposed $8,000 bond issue to building a new schoolhouse and make some needed repairs.

A special election will be held at Pickering next Tuesday on the proposed $8,000 bond issue.

Trenton, Mo., July 15.—A special freight train made up of seven cars and loaded with fine grapes from western states recently passed through here en route to the eastern markets.

ARE AGAINST ANNEXATION

FILE PROTEST AGAINST ANNEXING DIST. 118 TO DIST. 125.

COURT HAS NO POWER

This is Alleged by Eleven Freeholders Living in Bristle Ridge District No. 118.

Alleging that the county court is without jurisdiction to act and that the section of the law under which school district is attempting to be annexed is unconstitutional, eleven freeholders in school district No. 118, Bristle Ridge have filed a remonstrance with the county clerk against the annexation of district No. 118 to school district No. 125, and known as Conception Junction district, as sought for by a petition recently filed with the court.

The property owners who signed the remonstrance and who are protesting the annexation of district No. 118 to district No. 125 are L. F. Growney, Mrs. L. F. Growney, P. S. Brady, P. M. Growney, D. S. Taylor, Andrew Hansen, Lehman Hansen, Alex Smith, Abbie Smith, Mrs. Andrew Hansen and Edith Hansen.

The reasons set forth in the protest are that district No. 118 is capable of maintaining an eight months' school with a 40 cent levy on the $100 valuation, together with public funds which said district derives and will derive, and that it has been maintained for more than one year last and will in future maintain an eight months' school

That district No. 125 is not nearest and most available school district to No. 118;

That district No. 118 is not an unorganized territory;

The remonstrants allege the county court of Nodaway County is without jurisdiction to hear and determine petition filed for annexation of district No. 118 to district No. 125 and has no authority to act in the premises; and also that section 11,200 R. S. of Missouri, under which school district is attempted to be annexed in this proceedings is unconstitutional.

Local Legion Post Names Its Delegates

Will Represent Maryville Legion at Fourth Missouri District Meeting and at State Convention.

Delegates from the James Edward Gray Post No. 100 to the district and state American Legion conventions were elected last night at a meeting of the local post.

The delegates who were elected are E. W. Gray, Henry Buhler, Paul Kuchs and Walter S. Todd. The alternates who were chosen are Fern Crull, L. M. Eck, Leonard Gray, Francis Cummins. The local post is entitled to two delegates, and this will give each delegate a half a vote. They will represent the Maryville post at the Fourth Missouri district meeting that will be held here at the Country Club next Sunday and at the state department convention at Springfield, August 10-12.

The Ross Dugger post at St. Joseph has chosen Louis J. Sydow and E. W. Remelius to represent this post at the meeting here Sunday.

Nodaway Steers Sell for $11.80 at St. Joe

C. E. Pence of Nodaway County marketed a load of 1,015 pound steers at $11.80 on the St. Joseph market yesterday.

W. H. Ramey of Nodaway County also was on the St. Joseph market with a load of 1,043 pound steers that found outlet at $10.75.—St. Joseph Stock Yards Journal.

Odd Fellows Pledge $400 for Road Fund

The Maryville lodge of the I. O. O. F. has pledged $400 toward the fund that is being raised by the Maryville Cemetery Road Improvement Association, to be used in improving roads from the highways to the four Maryville cemeteries.

This contribution brings the total amount subscribed up to date near to the quota of $4,600 which was set by the Association. It is necessary, however to secure other subscriptions to bring the fund up to the required amount needed. The committee is now making arrangements for letting the work, so it can go ahead and let the contract when the time arrives.

Terrier Dog in Manley Neighborhood Wanted

Dr. C. P. Fryer, county health officer, has called attention to the fact that there is a black spotted terrier dog, about four months old, in the vicinity of the Vern Manley neighborhood, southeast of Maryville, which if seen, should be reported and caught if possible. The dog is wanted by the health officer for diagnosis. About two weeks ago it bit Mr. Manley's boy, Jimmie, and has not been seen since.

The dog is wanted for hydrophobia examination, and although it is the opinion of Dr. Fryer the dog is not affected as no infection has set in on the Manley boy, the animal should be brought in to the health department. Dr. Fryer also stated this morning that if there are any dogs in the county which are hydrophobia suspects, the dogs should be tied up and examined. A dog that has hydrophobia will die in seven days.

INCREASE IN ATTENDANCE

PUPILS IN COUNTY GO TO SCHOOL 937,630 DAYS.

173,016 IN MARYVILLE

Eighty-Three Teachers in County Receive Salary of $1,000—21 Payed This Much Or More Here.

The total daily attendance of all the children enrolled in the schools of Nodaway County was greater by 21,580 days during the school year which just closed than during the previous year, according to figures compiled by Fred Wright, deputy county clerk, from the reports of the various district school clerks in the county. In the school year just past the total number of days that the pupils of the county went to school was 937,630 as compared to 916,050 the year before.

There are 133 school districts in the county in which the last school enumeration, just made public yesterday, is 7,347, slightly less than the year before. As the attendance in the county shows an increase, so does the report of the Maryville district No. 97, indicate an increase over the previous year. The last figures show that the total attendance was 173,016 days as compared to 167,926 days the year before. The school enumeration in this district is 1,262.

According to the apportionment sheet that Mr. Wright is now making out, there are eighty-three school teachers in the county who last school year received a salary of $1,000 or more. Of this number twenty-one taught in the Maryville school. The school districts, and the number of teachers, where a salary of $1,000 or more is paid, are:

Unity, one; Hopkins, five; Harmony consolidated, three; Clearmont, three; Elmo consolidated, four; Pickering, three; Parnell consolidated, four; Burlington Junction, four; Union, one; LaFayette, one; Maryville, twenty-one; Quitman consolidated, five; Rockford, one; Bell Grove, one; Martha Washington, one Ravenwood, consolidated, three; Conception Junction, four; Skidmore consolidated, four; Arkoe, one; Graham consolidated, four; Barnard, three; and Guilford, three.

Mr. Wright's record shows that there were forty-five teachers in the county, who taught where the average daily attendance was less than fifteen pupils; and that where the average daily attendance was fifteen or more 15 teachers gave instructions.

Lawrence Potter, alleging indignities, filed suit for divorce in circuit court this morning against Carrie C. Potter. They were married at Norton, Kan., July 21, 1924.

Steel Counsel Found Dead Near His Horse

Somerville, N. J., July 15—Richard V. Lindabury, general counsel for the United States Steel Corporation, and one of the most widely known corporation lawyers in the country, was found dead this morning near his estate. Within a few feet of his body was found his horse. It is not known whether he had been thrown from his mount and killed or had suffered a heart attack and fell.

MUSICIANS TO GIVE PROGRAM

TO BE HELD AT BAPTIST CHURCH NEXT WEDNESDAY

"BOOSTER" MEETING

1925 Chautauqua Plans to Be Explained—Both Artists Give Readings and Costume Character Work

A chautauqua "booster" meeting will be held at the Baptist Church at 8:30 o'clock next Wednesday night at which time the Brown-Meneley entertainers will present a free program consisting of vocal solos, readings and musical numbers.

The program for the 1925 chautauqua will be outlined at this time and the members of the board of directors of the local association will explain the guarantee fund and plans for the ticket sale.

Carl Brown, a member of the organization which will present the program next Wednesday night, has been a member of Redpath companies for the last twelve years. The summer of 1922 he starred in the Black and White Minstrels on Mr. Vawter's chautauqua and filled a like position the following year. During the last winter he has been with Mr. Meneley as "Carl Brown and Pal."

Glen Meneley, the other member of the organization to present the program next Wednesday night, has had a number of years experience in lyceum and chautauqua work, and during the summer of 1923 he and Carl Brown "met up" with each other in the minstrel company, and he was adopted at once as Carl's "pal."

In addition to readings, solos and costume work, both of the artists play the chimes.

The public is cordially invited to attend the program at the Baptist Church next Wednesday night and there will be no admission charge.

Guilford Man Ordered to State Hospital No. 2

Ernest Nelson Adjudged Insane This Morning Before the County Court in Special Session.

Ernest Nelson, age 32 years, of Guilford, was adjudged insane before the county court this morning in special session and ordered sent to the state hospital No. 2 at St. Joseph. He was examined by Dr. F. M. Ryan, county physician, and Dr. J. A. Larabee of Barnard. It is the opinion of the physicians that he is suffering from delusions, and believes that everyone in the community, even to his wife and children, were against him.

Complaint was filed by his brother, Alva Nelson. He will probably be taken to St. Joseph late this afternoon by Sheriff L. B. Campbell.

Ernest Nelson was brought to Maryville last night by Deputy Sheriff John Rasco of Barnard. Nelson put up resistance and according to reports it is said Rasco lost a good shirt before the man was subdued.

This is the second time that Nelson has been brought before the county court this year. The charge of cruelty to his wife was brought against him, as it was reported to the court this morning he beat her just recently. Nelson served with the colors during the World War.

British Liners to Keep Wet Supply

Federal Judge Overrules Motion for Permanent Injunction Against Cunard Liner—Is Second Attempt.

New York, July 15.—British trans-Atlantic liners coming into the port of New York will remain "wet."

Federal Judge Mack has refused to grant a permanent injunction against the Cunard liner. It was said today the action was to test the validity of treaties with Great Britain.

This was the second time the Neptune Association of Masters and Mates of Ocean and Coastwise Vessels tried to have British ships made dry, both times without success.

John C. Bronaugh of Kansas City Dead

End Comes To Former State Senator And Prominent Democratic Leader In Fifth District.

Politics not Part of Dry Law Bureau

Officers Will Be Appointed Strictly On Their Merits, It Is Said at Conference

Washington, July 15—Prohibition experts went to work today to complete reorganization of a system to make the United States as arid as the Death Valley.

Because of appointment of prohibition directors was taken up the major policy of the bureau regarding them was discussed. That the political qualification of prohibition appointees were at once cast into the discard by the conference was the understanding that prevailed. Men qualified by experience, training and morals only will be considered, according to officials. Treasury experts asserted that as long as General Andrews remains head of prohibition enforcement politics will be divorced from this phase of governmental activity.

SCHOOL MONEY IS CUT FOURTH

$3,219,163.35 TO BE DISTRIBUTED THIS YEAR.

LEE IN STATEMENT

State Superintendent Points Out Need For Increased Revenue If Greatest Efficiency Is Maintained.

Jefferson City, July 15.—A total of $3,219,163.35 will be distributed by the state among the public schools of the state this year, being one-third of the general revenue for the year ending June 30, according to Charles A. Lee, state superintendent of schools.

The money will be in the state's share in maintaining the public schools during the 1925-26 term.

The amount will be 77 per cent of that appropriated last year when $4,167,387 was available for the schools. In 1923, the appropriation was $3,575,427.

"I have just been told by the state auditor's office how much money will be available for the schools next year and am very much gratified it is as much as it is as I had feared it might be under three million," Mr. Lee said today. "This would have forced us to cut down the high school aid and also would have made the attendance money small. No., I do not anticipate cutting the high school aid and think we will have about 1½ cents to apportion for every day's attendance.

"Of course, the amount is not nearly as large as I would like to see but it can be no larger than one-third of the ordinary revenue and never will be larger until some means of providing more revenue is found."

Italians May Have Given Murder Clues

Police Believe Violation of Unwritten Law Leads to New Developments in "Jungles" Case.

Kansas City, July 15.—Additional light on the brutal murders last February of Burt G. Lovejoy and George Peters, police officers, was being shed today by confessions police were extracting from Kansas City's Little Italy colony.

The actual participants in the double murder have not yet been apprehended by police but the officers say they have their names. A systematic search of the city is being made for them.

Police believe that tips that have been dropped in the Italian section concerning the killings have been purposely.

The code of the Italians, they say is "Kill if you must but don't kill an American" and Lovejoy and Peters were Americans. Members of the colony may be helping in the search for the murderers for violating the unwritten law.

Japan Approves Stand United States Takes

Regards Powers' Policy in China—Thinks Washington Treaties Provide Best Machinery.

Tokio, July 15.—Japan approves the attitude expressed by President Coolidge and Secretary Kellogg regarding the powers' policy in China, it was announced today. M. Gaimusho, spokesman for the foreign office, said Japan's atitude was identical with that of the United States and reaffirmed the belief expressed by President Coolidge that the Washington treaties provide the best machinery for adjusting Chinese troubles.

STATE SCORES BIG BY RULING

JUDGE UPHOLDS CONSTITUTIONALITY OF LAW.

PLEADS "NOT GUILTY"

Tennessee School Teacher To Go On Trial On "Merits Of Case"—For National Statute.

Courtroom, Dayton, Tenn., July 15. Cast in the role of a Crusador for untrammeled public education, John Scopes, youthful high school professor, this afternoon pleaded not guilty on a charge of violating Tennessee's anti-evolution law and went to trial on the "merits of his case."

Courtroom, Dayton, Tenn., July 15—The powers of fundamental religion won an epoch-marking legal victory here today when Presiding Judge John Raulston handed down an opinion holding the Tennesee anti-evolution law constitutional and refusing to dismiss the indictment against John Thomas Scopes, charged with violating the act. In a courtroom charged with tenseness Judge Raulston confirmed International News Service's exclusive news dispatches yesterday by overruling the defense motion for the dismissal of the Scopes indictment.

The court held that the state of Tennessee was within its constitutional police powers by prohibiting the teaching of any theory of evolution that denied the Biblical story of the divine creation of man.

The court also decided the state had properly drawn its indictment against Scopes. It ordered the trial to proceed on its merits.

The defense immediately entered an objection and the judge quickly overruled it. The court overruled every constitutional question raised by the defense and in his conclusions he said, "The court having passed on every question chronologically and given the reason therefor is now pleased to overrule the whole motion and require the defendant to plead further."

The judge then took up every legal question raised by the state and acted on it separately.

Dayton, Tenn., July 15—A temporary truce was effected today in the religious war developing around the Scopes anti-evolution trial when the opening prayer was delivered by Dr. Charles Potter, a Unitarian minister, and noted evolutionist of New York.

Dayton, Tenn., July 15—A national campaign will be launched next fall to place an anti-evolution law in the federal statutes, it was learned here today.

The drive will center around the introduction of a bill in Congress by either Representative William Upshaw, Democrat of Georgia, or Representative William Taylor, Democrat of Tennessee, to prohibit the teaching of evolution in public schools.

The plan originated with Walter White, superintendent of schools in Rhea County and prosecutor in the Scopes trial. He is said to have obtained the consent of both Upshaw and Taylor to sponsor the proposed national measure.

THE MEANING OF SERVICE.

A story is told of a lady who arrived at a little station in Vermont on a cold and stormy evening and hired an old man to drive her to a friend's farm up among the hills. The roads were in bad condition from the storm, and the ride was altogether a very uncomfortable one. "How much do I owe you?" she asked, on arriving at her destination. "Well, ma'am," said the old man, "my reg'lar price is a dollar, but seein' as it's sech a bad night and the goin' so terrible, I'll call it 75 cents."

While probably unintended, there is a wholesome moral in this little tale worthy of application to a rather grasping, sordid age. Why not take into account the misfortunes of our fellow men and modify our own demands accordingly?

The old Yankee suffered some discomfort and delay, but so far as actual expense was concerned, the trip probably cost him no more than if it had been under more favored circumstances. The passenger certainly was not responsible for the roads or the storm, and morally should not have been penalized for conditions over which she had no control, although such is the long established custom. In fact, she probably suffered as much, or more, discomfort than the driver. Why, then should he not have made allowance for the disagreeable features of the trip, sharing the burden as well as the benefits with the other party to the transaction?

A good deal is being said nowadays about service, but it seems to us that this old Vermont liveryman, mythical though he probably is, gave as fine a demonstration of the golden rule as can be desired.

The publicity agents of Dayton, Tennessee, have greatly overworked their assignment but perhaps they figure, its the only chance they will ever get with Dayton as the excuse.

STEWART'S WASHINGTON LETTER
By Charles P. Stewart
NEA Service Writer.

Washington—Nothing could be funnier—or more pathetic, maybe—than the naivete of Americans who think this country will get some actual cash out of the financial negotiations with the continental European powers we made war loans to.

On the contrary, we're just about to shell out a lot more money.

Take France, for instance. She owes us around four billions.

Having scaled this amount down all he can, Finance Minister Caillaux will admit the rest and agree with Secretary of the Treasury Mellon on the lowest interest rate he can get.

"But of course France can't begin paying anything for another ten years," Caillaux will add.

"Certainly not," we'll acquiesce.

"And in conclusion, now the French have re-established their credit," Caillaux will suggest, "how about letting 'em have a few more hundreds of millions?"

Which we will do, forthwith. You can bet on it.

French politicians are like politicians everywhere. Ten years is quite a while.

If the French government of today can get a 10-year moratorium the whole thing will be fixed, so far as the men who make the bargain are concerned. Let posterity stew over the actual paying—they'll be out of office, or dead, perhaps.

Same here. If present-day Washington induces France to begin wiping out her war indebtedness to the United States a decade hence, word will be passed out to the American public, "We've attended to everything"—then, sotto voce, "A later administration can walk the floor over the question of collection."

PROTESTING TAX LEVIES

TO FILE INJUNCTION AGAINST CONCEPTION SCHOOL BOARD

TO BE FILED JULY 18

Refuse to Make Comment—Notice Is Given to Fred Smith, County Clerk, This Morning.

Notice was filed this morning with Fred Smith, county clerk, that an injunction is to be filed against the board of education of Conception Junction school district for an order restraining the extending a tax of 25 cents and another tax of 15 cents on property in the district, Jefferson township.

The injunction will be filed July 18 naming Anton M. Schaffer, J. H. Jamison, Henry J. Alden and James C. Donaldson, members of and constituting a majority of the board of education of the school district of Conception Junction, Gertrude Walsh, collector of the revenue for Jefferson township, and Fred Smith, county clerk.

When one of the signers of the notice that injunction will be filed, was asked reasons for the injunction suit, he refused to make any comment.

The notice filed with the clerk reads:

"You are notified that the plaintiffs will, on July 18 at 10 o'clock a. m., at Court House, make application to the Honorable John M. Dawson, judge of the circuit court, in vacation, for an injunction and restraining order to enjoin you, your servants and agents from extending or causing to be extended on the tax books of Jefferson township in said county a tax of 25 cents on the $100 valuation for building purposes on land and property in the school district of Conception Junction and also a tax of 15 cents on the $100 valuation for sinking fund in said district.

"And to enjoin and restrain you from delivering or causing to be delivered said books to the tax collector of said township with said taxes extended thereon and from the collection of the said taxes on the property in the district and from the transfer of any money or funds in a so-called building fund of said school district to any other fund in said district, or to use any of the moneys in said building fund for the payment of teachers or the incidental or contigent expenses of said district, until some further order be made in the premises, when and where you may appear if you see proper."

Signed:

Gabe Purcell, J. A. Klass, Leo King, Thomas F. Merrigan, P. R. Growney, by A. F. Harvey, attorney.

No Adverse Effects on Crops From Heat

Yesterday Ends Second Consecutive Week With Much Sunshine and Hot Weather With Some Rain.

The week just closed was the second consecutive week in Missouri with much sunshine and hot weather and scattered light to moderate rainfall. To date, however, there have been no noticiable adverse effects on the main crops; but pastures and most of the minor crops are beginning to need rain.

The temperature averaged about 6 degrees a day above the normal; afternoon temperatures ranged in the high nineties and went above the 100 degree mark at several stations, 105 at Warsaw, being the highest reported. The sunshine was about 80 per cent of the possible. Rains were scattered but there were some moderately heavy amounts. The total for the week exceeded one inch in Buchanan, Jackson, Lafayette, Nodaway, Green, Gasconade and Butler Counties; there was a little or none in many of the central, northern, and central western counties.

The bulk of the corn crop is reported to be in excellent condition. It is now entering its critical stage of silk and tassel. Except in a few fields of the lighter soils in some of the central-west counties, it has not received any setback. However, the weather of the forty days from about July 1 to August 10 controls this crop in Missouri; frequent and general rains are necessary to insure normal and above normal yields.

Wheat threshing now is well underway. The dry weather favored this work, except the mid-day heat caused resting spell for man and beast. Yields in the southern counties are better than expected. About 16 bushels to the acre have been realized in St. Clair county, 20 to 30 in Greene, and about 30 bushels in Cape Girardeau County. So far yields are disappointing in Buchanan County. Oats and the second crop of alfalfa have been secured hay making is general. The apple crop is fair to good, especially in the Missouri River hills and most of the Ozark orchards.

In the southeast counties the weather favored the cotton crop as a whole; it is well cultivated, and beginning to bloom profusely.

Thrills, Adventure in "The Way of a Girl"

The frenzied search of a debutante flapper for a new thrill and the adventures, dramatic and comic, which befall her, is the basis of Robert G. Vignola's Metro-Goldwyn-Mayer production, "The Way of a Girl," which comes to the Empire Theater tonight and tomorrow.

The novel is adapted from the novel, "The Summons," by Katherine Newlin Burt, and has been told by its director and the players so as to feature the humorous side.

Eleanor Boardman plays the leading role, her first attempt at light comedy on the screen.

She is supported by Matt Moore as her conservative suitor, William Russell in an unusual good-bad man role, and Mathew Betz, the latter a new addition to screen villainy.

Ponzi to Italy After Prison Term

Washington, July 15.—Charles Ponzi, Boston financier, will be deported to Italy as soon as he completes his seven-year prison sentence recently imposed upon him by a Massachusetts court, the department of labor announced today.

The deportation proceedings have been pending against Ponzi for several months, department officials said, and it is believed they have built up a perfect case against him.

THERE IS A LESSON IN HARVESTING

A good harvest is the result of careful preparation of the ground, careful planting, careful cultivation, and careful harvesting and storing.

The same careful procedure is necessary to bring success. This bank is here to help you make money from your farming and to help you keep more of it when you make it. Come in whenever you're in town.

Save Your Money ---Buy Goodyears

You may have a barrel of money. We hope you have. But we can't give you one cent's worth more of dollar-for-dollar tire value than the man of modest means can get in a Goodyear Tire today.

The fact is, Goodyear quality is now within reach of all. That's what comes of building the best of tires and pricing them low.

Experience of Many Cities Shows Profit From Community Advertising

The following is the thirty-sixth installment of the article on "Community Advertising," written for the Democrat-Forum by D. A. Caldwell, secretary of the Maryville Chamber of Commerce.

There is ample evidence to convince us all that many communities have conducted successful campaigns and have been well repaid for their efforts and their financial outlay. Omaha advertised in an educational journal and received more than 10,000 inquiries from school teachers in all parts of the U. S.

Denver, Colo., advertises her specialties far and wide with special reference to the Rocky Mountain National Park, in one year the number of visitors to that park increased from 31,000 to 51,000, and the average stay was 8 hours instead of 4 hours. In 4 years the number of visitors during a 12 month period had grown to 237,000 and their average stay had increased to full vacation periods of from two weeks to three months. The highest expenditures for promotion in one year, including salaries was $68,000.00.

Des Moines, Ia., spends $12,000.00 per year in national mediums telling the rest of the country how well she thinks of herself.

Cleveland is preparing plans for a national campaign and Chicago has begun the most extensive advertising it has yet attempted.

Columbus, O., will probably initiate a $100,000.00 campaign. Detroit is using space in southern newspapers for tourist travel.

Last year more than 62 cities had advertising appropriations.

Advertising is the best means of keeping the small town from slipping backward. Many towns of less than 5,000 people can increase their business, population and importance by this method. This is done by focusing attention on the good things for the community. Transportation facilities, financial assets, agricultural conditions, and the creation of a closer bond of relationship between the small town and the community it serves are factors to be considered.

(To Be Continued).

Fear That Girl Has Been Kidnapped

Poplar Bluffs, Mo., July 15.—Fear that Miss Bertha Cloin, age 17 years, had been kidnapped was expressed by police today, following her disappearance from her country home Monday. The girl's parents, Mr. and Mrs. L. Cloin, notified police that the girl had disappeared and reported that a motor car was seen stopped by the Cloin home for several hours Monday, just prior to the girl's disappearance.

The Maryville Chautauqua

July 30-31--Aug. 1-2-3-4-5

7 Big Days---14 Wonder Programs

RAINBOW LADIES' ORCHESTRA — Seven charming and talented ladies, dressed in the colors of the rainbow, form a seven piece orchestra and six piece saxaphone band with piano accompaniment. Their program is full of pep and action with enough of variety to suit all. THURSDAY, JULY 30

"STRANGE BEDFELLOWS" — Here is a new comedy with a new theme—women in politics. The heroine is a club woman candidate for mayor on a "clean town" ticket; the hero a river ward boss of the professional politician type—strange bedfellows. The comedy is clean and delightful. A Keighley production. SATURDAY NIGHT, AUG. 1

WEALTH OF TIMELY LECTURES — Seven speakers of note put the worth while into the program. Dr. Ben I. Wilson, 1st afternoon, "The English Labor Party." Mrs. Mabel Burns, second afternoon, "How to Dress Well on Less Money." Dr. E. T. Devine, third afternoon, "Three Present Day Revolutionists." Dr. E. T. Hagerman, fourth afternoon, "The Man With One Window." Dr. E. B. MacDowell, fourth night, illustrated travelog, "Egypt and the Far East." L. O. Denyes, fifth afternoon, "Problems of the Far East." Maj. Chaplain Jos. A. Cooper, sixth afternoon, "The Supreme Test of Civilization."

"AN EVENING IN HAWAII" — A beautiful musical sketch by VIERA'S ORIGINAL HAWAIIANS with special scenic and lighting effects. Hawaiian music sung and played as you never heard it before. The greatest native singers ever in America. MONDAY NIGHT, AUG. 3

THE LONE STAR MILITARY BAND — Twenty-five splendid musicians in an afternoon prelude and a full evening concert will make Band Day a stellar musical event of Chautauqua Week. TUESDAY, AUG. 4

WM. J. KEIGHLEY IN "ADAM AND EVA" — The old chautauqua favorite in a sparkling comedy of American family life—the humorous story of a family of idle wasters and how they became producers—butterflies of fashion learn to use their wings. Mr. Keighley has a leading role. 'Nough said. WEDNESDAY NIGHT, AUG. 5

CLEVER ENTERTAINERS — As usual the program is rich in clever entertainers. Burgderfer, "the apostle of fun," will enliven the second evening; the Ridgeway Entertainers give two preludes the second day and the Tobias-Harper Co., do likewise the fourth day, while Hughie Fitzpatrick, a real circus clown, makes merry the closing afternoon. There will be laughs for everybody.

Season Tickets Adults $2.25 Child's $1.00

Leo Cox, Albert Welsh, Merrill Thurman and Marvin Morris went to Minnesota Sunday where they will work in the harvest fields.

HARMONY

The Sunday morning services were fairly well attended considering the extreme heat and busy times in the community. The pastor's text was "Blessed are they that do hunger and thirst after righteousness, for they shall be filled." Miss Ogle McKee was leader of the C. E. in the evening, and following the young people's meeting, Miss Reed of New York presented the work of the Woman's Home Missionary Society. Miss Reed is working in the interest of this Society in the west and especially in the Iowa-Missouri Conference of the Methodist-Protestant Church. Steps were taken to organize such a society here at Harmony.

On Sunday July 26 the church will elect a delegate to the annual conference. They will also instruct the delegate relative to securing a pastor for the coming year.

Mrs. G. H. Null entertained Miss Reed Saturday evening. Miss Reed left on a Great Western train Monday for other points in the conference.

Ova Heflin and family visited at the B. K. Lewis home Sunday.

B. S. Cox and family entertained friends from Liberty Saturday.

Regular services were held at the Baptist church at Orrsburg Saturday and Sunday.

Miss Frances Lewis of Creston visited last week with Miss Cleta Null.

The Harmony orchestra under the leadership of Mr. Schnabel is doing some hard work. The leader announced that the concert would be given two weeks from last Friday night.

Several of the girls of the orchestra, chaperoned by Mrs. Ford, met last Wednesday at the home of Neva King for practice, after which Mrs. King served dainty refreshments.

Glenn Lawson is using a new Fordson tractor in the grain fields. He just recently purchased it from a Maitland firm.

The Board of Education met Wednesday evening at the Central building. J. E. Porter and Victor Wray were the only members not present. Routine business was transacted, the board approving the report of the financial affairs of the district for the year that closed July 1. This report will soon be posted. R. V. McKee and B. S. Cox were elected to the office of treasurer, and secretary of the board, respectively.

John Green and family were in Maryville Saturday evening.

Camden Point, Mo., July 14.—An innovation at the sixteenth annual retreat of the Christian ministers of the Sixth Missouri district which begins here July 20, will be a series of lectures on lay topics by Dr. F. R. Cockrell, President of Wiliam Woods college of Fulton. Heretofore the meetings have been given over entirely to religious subjects.

New Freight Line Opened in Russia

Moscow, July 15.—Direct freight communications by rail between Russia and Western Europe without changing cars for the broader guage Russian tracks, was inaugurated today through the use of especially adapted freight cars and adjustable axles. All former charges for reloading are abolished at a net saving to shippers of $5.20 per car.

All the countries which took part in the international railroad conference in January, including Russia, Germany, Lithuania, Latvia and Esthonia, have ratified the conference agreement to use cars making possible the new system. Commissioner Sverishkov, of the commissariat for railways, declared the new system would reduce freight charges from Western Europe to Russia to the level of sea shipping charges and would consequently greatly diminish the importance of the port of Reval.

The Young Ladies Class of the Arkoe church will give an ice cream supper Friday night at the Union Sunday School will give an Arkoe church.

What Mean the Years?

The number of years that one has been in business mean nothing, as such. It is only when one considers that it is through long years of experience that one learns best how to serve that a long record assumes a certain significance.

It is for this reason that we mention the fact that we have been serving since 1902.

Chicago Closing Grain Review.

Chicago, July 15.—Grains were highly nervous and erratic on the Chicago Board of Trade today. The close was sharply lower. Bearish factors that led to brisk selling in wheat included the impending break of the heat wave in the Northwest spring crop regions.

Numerous rallies were pressed down by selling. The trade was more inclined to await news from the spring country.

Cooler temperatures have reached Northwestern North Dakota and are spreading slowly southward, according to a special weather bulletin. Clarification of reported appearance of black stem rust is also awaited.

Leading professionals were principal sellers of corn. Besides the weakness in wheat, growing conditions were considered favorable notwithstanding need of rain in some sections.

Liquidation in oats found the demand practically inactive.

Provisions finished irregular.

Cattle at $13.85.

Kansas City, July 15.—Prices of fat cattle on the local market reached a record high since the war period today when C. M. Clark of Birchard, Neb., sold a string of twenty-two head of yearlings averaging 1,000 pounds at $13.85 a hundred.

Clark holds the world's high price on beef cattle, established in 1918 when he sold choice killers up to $26.25 a hundred. Every year since, his cattle have repeatedly topped the market.

OUTLINES AIR MAIL ROUTING

TERMINAL POINTS AND SCHEDULES ARE ANNOUNCED.

EFFECTIVE IN SEPT.

Postoffice Department Gives Out Details of Chicago, Kansas City and Fort Worth Line.

Washington, July 15.—The terminal points and schedules for the air mail route from Chicago and Kansas City to Fort Worth, Tex., which will be established probably in September, were announced at the postoffice department yesterday.

They were made public with copies of advertisements for bids for the contracts for operation of air mail routes in various parts of the country, authorized at the recent session of congress.

The schedule requires an average flying speed of approximately ninety miles an hour, although, officials of the postoffice department stated, in some instances due to weather conditions it may be impossible to maintain such an average. On the other hand it was pointed out, when conditions are favorable it may be possible for the airplanes to cover the route in even better time.

The Announced Schedule.

The terminal points on the route: Chicago, Moline, Ill.; St. Joseph, Kansas City, Wichita, Oklahoma City, Dallas and Fort Worth.

The schedule, embracing round trips not more than six days a week:

Leave Chicago on arrival of plane from New York City, due at 5.45 a. m.
Leave Moline 7:30 a. m.
Leave St. Joseph 10:30 a. m.
Leave Kansas City 11:20 a. m.
Leave Wichita 1:30 p. m.
Leave Oklahoma City 3:20 p. m.
Arrive Dallas-Fort Worth 5:20 p. m.
Leave Dallas-Fort Worth 8:00 a. m.
Leave Oklahoma City 10:25 a. m.
Leave Wichita 12:10 p. m.
Leave Kansas City 2:15 p. m.
Leave St. Joseph 3:00 p. m.
Leave Moline 5:55 p. m.
Leave Chicago 7:25 p. m.

According to this schedule a letter mailed in Kansas City, for example, before 2 o'clock Wednesday afternoon, will be delivered in New York City about 7:30 Thursday morning. A letter of which the destination is Chicago, would be delivered at the Chicago address Wednesday night.

Reserve Right to Change.

The postoffice department reserves the right to modify or change the schedule if the requirements of the operating conditions will permit. It was said that a landing field for receiving and delivering mail would be approximately mid-way between Dallas and Fort Worth. The government's plans now contemplate only day flying. The postage rate adopted will be 10 cents an ounce for the first thousand miles. The Chicago-Fort Worth route was one of the first decided upon for the reason that heavy postal business is expected from southern points to Chicago, where connection will be made with the trans-continental route, which is operating on a night flying schedule. The commercial company obtaining the contract will be given four-fifth of the postal revenues.

Officials of the postoffice department would not make a definite prediction today regarding the date upon which the new service will be established. They called attention to the regulations which provide that bids for the contract must be at the department within the next sixty days and added that the contract would be awarded promptly. The officials here have been advised that several commercial airplane companies have been organized and these are expected to submit bids at an early date. Bids will not be received after September 15. Unless unexpected difficulties should arise the belief is that the new service will be in operation in September.

It was said at the department that so far no landing fields had been selected. According to the regulations the fields must be approved by the postmaster at the nearest terminal point and also by the postmaster general.

Says Venue Law Impairs Justice

Kansas City, July 15.—Criminal justice in Missouri is being seriously impaired by the change of venue law enacted by the 1921 General Assembly, it was stated today in a report made to the directors of the Missouri Association for Criminal Justice by A. B. Lashby of St. Louis, operating director. The directors are in conference here.

Will Bring People of State Together

Closer Relationships Brought About By Bridges On Missouri, Governor Baker Says In Address.

Waverly, Mo., July 15.—(United Press)—Closer relationship between north and south Missouri will be brought about by completion of the highway bridge across the Missouri river, Governor Sam Baker declared at the dedication of the structure here today.

Thousands of persons from surrounding counties were present for the ceremonies.

The governor reiterated his interest in pushing the road program to completion in the state.

"Both sides of the river have many things in common but each side has its own achievements that can be emulated by the other" Baker said.

"The completion of this bridge with its connecting highways gives all sections of the state easy access to other sections."
